

# 100 eco semi-recessed - SVR100ECO-SRE0700-FXD830020-BLK

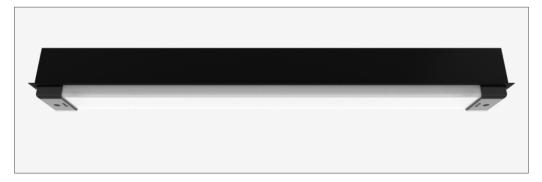

IP66 hermetically sealed light module cassette

AT06 security torx tamper-proof fasteners

range 100 eco semi-recessed

product code SVR100ECO-SRE0700-FXD830020-BLK

description Extruded aluminium mounting base

Extruded aluminium mounting base with durable polyester powder coat

finish and impact-resistant GRP security caps

Impact-resistant UV-stabilised high-transmission polycarbonate light

module diffuser

Serviceable replaceable and upgradable light module cassette

Internal socket drive security-torx 304 stainless steel security fasteners

Integral energy efficient Zhaga compliant Tridonic LED modules and power

supply unit

Direct-fix or recessed butterfly bracket

Internal stainless steel wire safety lanyards

1.0 m circular flex connection

applications highly robust semi-recessed luminaire that enhances safety and security

in challenging environments. a durable construction ensures dependable operation and superior performance under harsh operating conditions; ideal for applications such as transportation, custodial, public areas, and secure

healthcare

(Construction)

(Construction)

country of origin

Australia

#### accreditations

Australian Made and Owned

# 100 eco semi-recessed - SVR100ECO-SRE0700-FXD830020-BLK

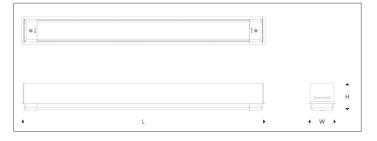

#### driver

manufacturer Tridonic control interface fixed output

dimming range

switch-on time < 700 ms switch-off time < 50 ms rated lifetime > 100,000 h

## light source

manufacturer Tridonic

technology linear LFD module operating mode constant current

583 lm delivered lumens colour rendering index 80 correlated colour temperature 3000 K colour tolerance 3 SDCM CTI ≥ 600 V lumen maintenance [L80F10] > 72,000 h

### dimensions [mm]

L - length W - width 138 H - height 138 cut-out - 695 L x 123 W

#### mounting

type semi-recessed

direct-fix or butterfly bracket method

orientation horizontal or vertical burning position

#### electrical

220 - 240 V rated supply voltage 0 / 50 / 60 Hz mains frequency

5 W power consumption leakage current < 350 µA 22.4 A / 176 µs in-rush current

power factor [ 0.94

THD 10%

overvoltage protection 320 V AC / 48 h mains surge protection [L-N] 1 kV

mains surge protection [L/N-PE] 2 kV

## mounting base + end caps

material extruded aluminium base + GRP security end

black texture polyester powder coat + black GRP finish

## light module cassette

material high-transmission + uv-stabilised extruded

polycarbonate [hermetically sealed]

finish translucent reeded

## maximum circuit breaker loads
